ShoreTel Conferencing and Instant Messaging

When employees can communicate and collaborate easily across an organization—whether sharing information in a presentation, working on a document together or instant messaging (IM) each other—productivity and business performance improve. By combining voice and data over the enterprise phone system, ShoreTel Conferencing provides rich conferencing and collaboration features, cost-effectively. Conferencing and instant messaging services are fully managed through ShoreTel Director. Conferences are managed through an intuitive Microsoft Outlook add-on and via a conferencing Web portal.

About ShoreTel

ShoreTel is the provider of brilliantly simple Unified Communication (UC) solutions based on its award-winning IP business phone system. We offer organizations of all sizes integrated, voice, video, data, and mobile communications on an open, distributed IP architecture that helps significantly reduce the complexity and costs typically associated with other solutions. The feature-rich ShoreTel UC system offers the lowest total cost of ownership (TCO) and the highest customer satisfaction in the industry, in part because it is easy to deploy, manage, scale and use. Increasingly, companies around the world are finding a competitive edge by replacing business-as-usual with new thinking, and choosing ShoreTel to handle their integrated business communication. ShoreTel is based in Sunnyvale, California, and has regional offices and partners worldwide. For more information, visit shoretel.com.
