Technology Legend

AudioIQ[2]
Keeps calls clear, regardless of the environment, automatically adjusting incoming calls to a comfortable, clear level.

Echo Cancellation
Requirement for full-duplex speakerphones when both the microphone and speaker are on at the same time.

SoundGuard
Acoustic limiting; protection against instantaneous sound spikes above 118dBA.

SoundGuard DIGITAL
Acoustic limiting in the headset, anti-startle (detects any large sudden increase in signal level and eliminates the increase) and Time Weighted Average; prevents average noise level from exceeding 85dBA.

Wideband
Frequency range up to 6,800 Hz. Meets TIA-920 standard from genuine wideband response.

WindSmart Technology
Advanced noise-reduction reduces disruptive wind noise.
